TILLMAN COMES TO FRONT AGAIN

SAYS PRESIDENT IS GUILTY OF BAD FAITH

Southern Senator Makes Statement on Behalf of Ex-Senator Chandler—Asked For No Conference With Roosevelt.

Washington, May 15.—While the debate on the personnel of the interstate commerce commission was in progress in the senate to day Tillman took the floor to make a statement on behalf of ex-Senator Chandler which has been momentarily expected since Lodge's conveyance last Saturday to the senate of the president's emphatic denial of some statements attributed to Chandler by the South Carolina senator.

Tillman read a portion of Chandler's memorandum of his conference with the president, prefacing it with a brief statement of his own, saying that on Saturday the senate had been started and mortified to hear the utterances of an ex-member denounced on behalf of the president as "deliberate and unqualified falsehoods." As he had been responsible for introducing the subject which had caused the attack on Chandler, he felt under obligations to place him right on the record. To that end he read the ex-senator's statement. The reading of that statement was followed by the following from Tillman:

"There are only two points in the president's letter which I deem worthy of notice. His attempted explanation is ingenious, but not ingenious. He calls in question the integrity of purpose and utterance of Chandler by declaring:

"He was asked to see ex-Senator Chandler as representing Tillman, who was in charge of the bill. He stated to me the views of Tillman with seeming authority."

"Chandler has declared most positively in a written statement that the president sent for him for the purpose of getting into communication with Senator Bailey and myself and he has produced the letter of Mr. Loeb.

"I now declare most emphatically that I now declare most emphatically that no human being have I ever given authority or even expressed a wish to have any conference with Theodore Roosevelt in regard to the bill now under consideration. On the contrary I have expressed the opinion in more than one public interview that he had nothing to do with it and that it was the business of the senate and while I did, at his request, enter into negotiations with the attorney general, it is well known to every senator on this floor what my attitude and feelings have been and it is most remarkable while the president sent for Democrat after Democrat to confer with him about this measure that he could under the circumstances assert I sent an agent to him to begin negotiations. The statement is absurd on its face.

"The other point to which I shall refer in the cavalier way in which Moody discusses the idea of the president not being bound. While contradicting in no instance however slight, my statement of what occurred, that attorney general seems to think the code of honor among gentlemen is not binding upon the executive and his cabinet.

"The president asked him to see Bailey and myself. We met by appointment made by ex-Senator Chandler and talked over the vital question. He wrote and sent to Bailey his understanding of our views and when we met subsequently we reached an absolute agreement, both as to form and substance of a proposed amendment to which he said the president would assent and help to get votes for.

"Of course, the president was not bound not to change, but he was bound under such circumstances to give notice, and this was not done. Even the attorney general himself was not notified. The charge I made and still make, is that the president is guilty of bad faith and that the rate bill which will be, when enacted into a law, a much better and stronger measure than we had hoped to get has been emasculated of one of its most valuable and essential features by the president's action.

"I am ready to leave the whole question to the thoughtful and honorable men of the country."

Soon after the beginning of his statement Tillman injected the words "this is Tillman talking now," which caused a titter in that senate and considerable laughter in the galleries.

When Tillman had concluded Allison asked to have the president's letter to him read. He only said that his object was to have the letter made as a permanent record as Tillman's statement. Attorney General Moody's statement to the president was also read. When the words "I saw newspaper men in the mass" were read there was a loud guffaw in the senate and galleries and the vice president rapped sharply with his gavel to restore order.

Nelson interposed with a motion to lay the pending amendment to the rate bill on the table, which closed the incident.

LYNCHERS FEARED

Soldiers Who Killed Man Taken to Another Jail.

Crawford, Neb., May 15.—Sergeant John Reid, Tenth cavalry, who killed Arthur A. Moss, a night watchman, Sunday night, was taken to the jail at Chadron for fear of attempted lynching, even though the jail here was guarded by regular troops. The trouble originally resulted from an attempt of Moss and his brother, J. H. Moss, to arrest some disorderly negro soldiers from Fort Robinson. Reid shot and killed Arthur Moss. Jordan Taylor struck J. H. Moss, breaking his arm. Reid was arrested and Taylor was killed by the officers while trying to escape. Saturday night there was strong talk of lynching Reid and a guard of troops was stationed around the jail. About midnight Philip Murphy, who was intoxicated, while passing the jail refused to obey the orders of the guards and was shot dead. There is much excitement.

SHAW IN BALTIMORE

Baltimore, Md., May 15.—Secretary of the Treasury Shaw was the chief speaker to day at the commencement exercises of the School of Instruction of the revenue cutter service, at Annapolis, near this city, when four graduates received diplomas. Congressman Hepburn of Iowa also delivered an address.

ELECTORAL REFORM SCHEME

Stockholm, May 15.—The second chamber of parliament to day adopted by a vote of 134 to 91 the government's electoral reform scheme, which the first chamber had rejected. Premier Staaff to day declared the government relied upon the support of its friends during the imminent severe conflict over the question of electoral reforms.

CHILD WIFE KILLED

Denver, Col., May 15.—With the head almost severed from his body, the naked corpse of Rosa Sardo Compeste, the 14-year-old wife of George Compeste, a laborer, about 30 years old, was found to day in a hovel in this city, where they lived. Near the body were a blood-stained hatchet and a razor. Compeste has not been seen since Sunday night and it is believed the murder was committed on that day.

PRESBYTERIAN ASSEMBLY

Des Moines, Iowa, May 15.—Commissioners and officers of the Presbyterian general assembly, which will convene here to morrow, began arriving to day and already an active interest is being displayed in the contest for the moderatorship. The place is conceded to the west and five candidates are in the field: Rev. Dr. A. B. Marshall, Minneapolis; Rev. Dr. T. H. Cleland, Duluth; Rev. Dr. R. L. Barkley, Detroit; Rev. Dr. J. H. Hendy, Jefferson City, Mo.; and Rev. Hunter Corbett, a prominent missionary.

Interest promises to center in discussion of a plan for church union and federation and Dr. Van Dyke's report on the church form book. There will be much opposition to both.

PRASED ROOSEVELT

Kansas City, Mo., May 15.—Dr. J. P. Brunsingham of Chicago, speaking before the Methodist missionary convention to day, referred to President Roosevelt, saying: "Roosevelt is a Christian statesman, not an atheist, because he attacked the trusts. It would have been a great thing to have been a Greek in the days of Pericles, a Roman in the days of Julius Caesar, a Scandinavian in the days of Gustavus Adolphus, a Frenchman in the days of Napoleon, but it is a greater thing to be an American in the days of Theodore Roosevelt, the peacemaker of the world."

IZZIT PASHA DISGRACED

Constantinople, May 15.—The sultan is already wreaking vengeance for the humiliation he sustained in the Tabah incident when Turkey yielded to England on all points unconditionally regarding the evacuation of Tabah and the delimitation of the Shatt el Foul. The first victim of the sultan was Izzet Pasha, the sultan's second secretary, who was the strongest counselor for a warlike policy during the recent crisis. He is now disgraced. It is believed the sultan feels the rebuff by England keenly. It is likely to offset his prestige in the Mohammedan world.

CHARITIES AND CORRECTIONS

Philadelphia, Pa., May 15.—At the afternoon session of the Charities and Corrections officers were elected. Amos W. Butler of Indianapolis was chosen president and Alexander Johnson of New York general secretary. Among the members of the executive committee are: Fred S. Wines, Springfield, Ill.; R. L. Rev. G. D. Gieseler, Grand Rapids, Mich.; and L. C. Storrs of Lansing, Mich.

CONVICTED OF MURDER

Jackson, Mich., May 15.—John Blake, the Brooklyn, Mich., postoffice robber, was convicted to night of murder in the second degree for killing Police Sergeant Booth, March 26th, when Booth was attempting to arrest Blake on suspicion that he had committed the Brooklyn robbery. The prisoner was sentenced to prison at Marquette for life.

PASS QUESTION BROUGHT UP

BEING CONSIDERED IN THE SENATE

Reconsider Vote by Which It Was Adopted—District of Columbia Business and Naval Bill Considered in House.

Washington, May 15.—With the exception of an anti-pass amendment the senate to day concluded its consideration of the railroad rate bill as in committee of the whole and as soon as that provision shall be disposed of will take it up in the senate. General expectation is that the pass question will be disposed of early to morrow and the general hope is the bill may be passed before the close of to morrow's session. The pass question was brought to life again through the instrumentality of a motion by Culberson, author of the original provision, to reconsider the vote by which it was adopted, which was agreed to. A number of suggestions in the way of substitutes were presented and these will have to be dealt with before the bill can be reported to the senate. After it is reported several questions will be reopened.

A greater part of the day was spent in discussing the eighth section of the bill relating to the personnel of the interstate commerce commission, resulting in the elimination of the entire section and restoration of the present law, which provides for five commissioners at salaries of \$7,500.

During the day Tillman made further explanation concerning negotiations with the president and had former Senator Chandler's memorandum read. The president's letter to Allison was also read at the instance of the Iowa senator. The session opened with a personal statement by Tillman concerning his relations with Aldrich.

HOUSE

The house to day decided to vest in the supreme court of the District of Columbia the power to appoint a board of education having supervision of the schools of Washington, instead of in the board of District commissioners, which is the present appointing power.

An effort was made to prevent preparation of plans of the great lakes naval training station, but an amendment was agreed to providing for the employment of a consulting architect for plans and superintendence of construction of new buildings, not to exceed 2 1/2 per cent of the limit of cost of the plant, which is fixed at \$2,000,000.

The house by a decided vote reaffirmed its faith in the navy department, defeating the amendment of Tawney, chairman of the appropriation committee, to limit repairs on ships to 10 per cent of the cost, the vote of confidence coming after a two hours' hot debate on the Tawney proposition.

Having reached the section of the naval bill dealing with an increase in the navy and realizing that considerable debate must ensue, the house adjourned until 10 o'clock to morrow.

GETTYSBURG ADDITION

The house committee on military affairs to day authorized a favorable report on a bill which provides for the purchase of an addition to the Gettysburg battlefield reservation. The addition consists of 27 acres for which \$15,000 is to be paid. It will add ground which was the scene of Pickett's charge.

KILLED BY AUTOMOBILE

Milwaukee, Wis., May 15.—Miss Florence White, a stenographer, was run down and killed last night (Tuesday) by an automobile driven by B. F. Steiner, a newspaper man. In the car also were Manager Cantillon, Players Roth and Homphill of the Milwaukee American Association baseball club and Umpire Haskell. All in the automobile were arrested, but later released on promising to appear in court to day.

POLITICIAN INDICTED

Hamilton, Ohio, May 15.—U. F. Bickley, for years a trading lawyer in Hamilton and recently Democratic nominee for congress, has been indicted on four counts for embezzlement and forgery. The indictments are in connection with alleged frauds which he is charged with having committed as the administrator of the estate of Charles Gathman. Disbarment proceedings are now pending against Bickley.

NEW AMBASSADOR IN VIENNA

Vienna, May 15.—Charles S. Francis of Troy, N. Y., successor to Bellamy Storrs as American ambassador to Austria-Hungary, Mrs. Francis and their two daughters arrived here this evening.

FOR SIXTY YEARS.

Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

INSURANCE OFFICIAL

Questioned by Investigators in Regard to Salaries.

Milwaukee, Wis., May 15.—Second Vice President Skinner of the Northwestern Mutual was questioned to day by the investigating committee in regard to salaries. Records were given showing that ten officials of the company drew between \$10,000 and \$25,000 per year. It was also shown that the salaries of some of the officers who had been promoted from inferior to important positions had been increased in amount from 50 to 100 per cent since 1894. Skinner, when asked if there could not be a saving made in the salary account, said he did not think so unless the company cut his salary off.

CLAIMS AGAINST DOWIE

Chicago, May 15.—A flock of creditors of John Alexander Dowie, "first apostle" of the Christian Catholic church, and the estate which he established at Zion City, swooped down on Federal Judge Landis' court this morning when the hearing was resumed of the pending litigation regarding the ownership of property in Zion City involving the possible appointment of a trustee in bankruptcy. When the original proceedings were started the amount of claims represented was only \$22,000. To day they aggregate \$50,000. These creditors, through their lawyers, brought the court to safeguard their interests by declaring Dowie a bankrupt and to appoint a conservator to protect the properties.

DEATHS

New York, May 15.—Brig. Gen. John Caldwell Tiddall, U. S. A., retired, first governor of Alaska, and for many years commandant at West Point, died at his home in Mount Claire, N. J., to day, aged 81 years. Death was due to general debility. Tiddall wrote a number of books, among them a manual on artillery tactics and history of artillery in the civil war.

OBJECTS TO TAINTED MONEY

Northampton, Mass., May 15.—Because the college trustees have accepted gifts from John D. Rockefeller and Andrew Carnegie, Mary E. Bird, for thirteen years instructor in the astronomical department of Smith college, to day resigned. Miss Bird says that she will prepare a formal statement of her position to be read at the commencement exercises in June.

DEFENDS NAVY

Answer to Attack Made in House by Hepburn Recently.

Washington, May 15.—An echo of the attack made by Representative Hepburn of Iowa last week on the inefficiency of the navy, and during which he told how Rear Admiral Sigsbee, then captain, ran the old Maine into the wharf at New York city, was heard to day during consideration of the naval appropriation bill by the house.

Roberts of Massachusetts, told how the accident to the Maine occurred. He said other vessels swung across East river, blocking every avenue to the Maine except a small channel on the New York side, and that an excursion steamer loaded with women and children got in the way by making wrong signals. Sigsbee continues the story: "It became a question of sinking that steamer. I made the right signals to warn her to do, differently, then I reversed the engines and ran the Maine into the wharf purposely to save the steamer."

"The court of inquiry and the then acting assistant secretary of the navy, Theodore Roosevelt, commended Sigsbee's action and Roberts hope Hepburn would do justice to a splendid naval officer."

GIRL ROASTED ALIVE

Wheeling, W. Va., May 15.—Miss Edith Robert, a beautiful Wheeling girl, was literally roasted alive in the country home of her foster mother, Mrs. Florence Zane, near this city, last night. The girl was sleeping temporarily in an isolated room, which had but one small window. She allowed an oil lamp to burn and it exploded, covering her with flames. Her cries aroused the family, but the door was locked and no fire fighting facilities being at hand, she was roasted to death. The house was burned completely and her body was not recovered.

WOULD BREAK STRIKE

Wellston, Ohio, May 15.—Four car loads of Poles arrived here this morning, from the east to take the places of the men who are on strike at the Alma Cement works. The strike has been on for a week, and is for recognition of the Cement Workers' union. This is the first time in the history of a Jackson county strike that an attempt has been made to replace strikers with foreigners, and trouble is expected.

STEAMER AGROUND

Chicago, May 15.—Crews from the Evanston and Chicago life saving stations were summoned shortly after midnight to the aid of a freight steamer, which went aground off Edgewater, about ten miles north of here. The steamer was about a mile from shore and it was not believed the vessel is in serious danger.

CIVIL SERVICE COMMISSION

WORK PRAISED BY PRESIDENT ROOSEVELT

Delivered Address to Representatives at White House—Advised to Insist on Elimination of Politics.

Washington, May 15.—President Roosevelt delivered an address at the white house this afternoon to representatives of several state and municipal civil service commissions and of the national civil service reform league, who met here to day for a conference with commissioners of the general government, with a view to considering questions for the betterment of the civil service throughout the country. The president urged the commissioners vigorously to continue their work, which he pronounced of the greatest importance. He advised them to insist upon the elimination of politics from civil service. "The result is always had when an appointment has to be complicated with the question of politics," he said.

ACCUSED OF KILLING HIS WIFE

Detroit, Mich., May 15.—Frank Emmett, a painter, is under arrest charged with killing his wife, who was fatally shot in the head this afternoon at her home. Mrs. Emmett had sued for a divorce. To day she was preparing dinner, when she was shot in the head from an open doorway. Death was almost instantaneous.

Neighbors pursued and caught Emmett as he ran down the street after the shooting.

BEGAN DEBATE

St. Petersburg, May 15.—The lower house of parliament this evening began debate on the address in reply to the speech from the throne, adjourning at midnight after speeches by M. Rodicheff and a dozen other orators of lesser caliber. The only scene of real enthusiasm during the debate was due to a reference to the absence from the address of a plank on the subject of woman suffrage, which brought half the members of the house to their feet cheering. A feature of the session was the appearance of a conservative peasant group among the supporters of the government, forty-four peasant members signing a motion for postponement of the debate. The motion was overwhelmingly defeated.

DISCRIMINATION CHARGED

Omaha, Neb., May 15.—It was announced this evening that an Omaha attorney is preparing papers for submission to the interstate commerce commission of a complaint of the Sioux City & Rock Springs Coal Co. against the Union Pacific railroad, charging discrimination. "The complainant owns coal mines near Rock Springs, Wyo., where the Union Pacific Coal company, which is closely allied to the Union Pacific railroad, operates extensive properties, and charges the railroad company with refusing to haul its coal."

IOWA REPUBLICANS

Sigourney, Iowa, May 15.—Republicans in convention to day elected sixteen delegates to the state convention in favor of George D. Perkins, candidate for governor.

SCOTT COUNTY REPUBLICANS

Endorsed Candidacy of Andrew Russell for State Treasurer—Nominated Ticket For County Officers.

Winchester, Ill., May 11.—The Republicans of Scott county held their convention here to day and nominated C. C. Carter for judge, H. D. Kilpatrick for county clerk, Guy A. Clark for sheriff, Wesley Price for assessor and treasurer, W. H. Smith for county superintendent of schools and James M. Cumby for county commissioner. Resolutions were adopted endorsing the national and state administrations and instructing for Callum for senator and Andrew Russell of Jacksonville for state treasurer. The delegates to the senatorial conventions were instructed for S. W. Peak for minority representative from this district.

START FOR NORWAY

Minneapolis, Minn., May 15.—Four hundred Scandinavians from Minnesota, Montana and the Dakotas left Minneapolis to night for Norway to see King Haakon crowned. The party is due to arrive in Christiania May 25th. This is some three weeks before King Haakon VII is to be crowned.

STORMS IN GERMANY

Berlin, May 15.—Terrible thunderstorms were reported to day from several parts of western and southern Germany. A hailstorm did great damage to vineyards and crops in the fields in lower Franconia. Several persons were killed by lightning and numerous farm houses were burned and animals killed in the neighborhood of Treves, which also suffered severely from a hail storm.

STEAM PIPE BURST

Menominee, Mich., May 15.—By the bursting of a steam pipe in the Wells Lumber company's mill to night, Nicholas Greenenden, night watchman, was killed, and Engineer Bush and Foreman Johnson were so badly scalded they may die.

REFUSE WAGE SCALE

Cleveland, Ohio, May 15.—The conference between marine firemen and representatives of the Lake Carriers' association, which has been on for the past two days, considering the question of wages, ended abruptly this afternoon, the marine firemen leaving the conference and refusing to accept the proposed wage scale. As the longshoremen and other vessel employees are affiliated together, it is believed the break in negotiations will carry out all of those elements and throw the lake carrying situation back to where it was previous to last week when an agreement was reached between the Carriers' association and the longshoremen which resulted in resumption of traffic.

DRYDOCK DEWEY

Perth, Strath of Bab-Et-Mondeh, May 15.—The drydock Dewey, in tow of the colliers Caesar, Glacier and Brutus, pushed this point to day.

DRINK CRAZED MAN'S CRIMES

KILLS ONE MAN AND WOUNDS SEVERAL

Ended His Own Existence When Surrounded by posse—Disappearance in Love Affairs Starts Him on Rampage of Crime.

Atlanta, Ga., May 15.—Crazed by drink and by disappointment in a love affair, James H. Clark, a telegraph operator at Chamblee, a dozen miles north of Atlanta, began late yesterday evening a rampage of crime. In less than twenty-four hours he had killed one man, severely wounded three others, slightly wounded a fifth and chipped a sixth with a shotgun, set fire to the home of one of his victims and when surrounded by a posse shortly after noon to day, turned a revolver upon himself and pierced his own heart with a bullet.

Clark, who came some months ago from Baldwin, Ga., paid marked attention to a niece of E. S. Purcell, but was discouraged. He went to the Purcell home last evening and demanded admittance, which was refused. He set fire to the kitchen and when E. S. Purcell and his son, W. J. Purcell, appeared to fight the flames Clark fired upon them, wounding both. Returning about midnight, Clark made another attempt to fire the house. The result was that W. R. Mack, railroad agent, received a wound in the back of his neck.

Clark then left for Danwoody, five miles distant, where he arrived early to day. He went to the store of Nash & Clark and demanded ammunition. The store people had been warned by telephone and refused to sell the required cartridges. Clark immediately fired, killing Check with a bullet through his heart. He also fired at Nash, inflicting a dangerous wound. He then took to the woods. On the way down the railroad track he met W. J. Coker, whom he attacked, wounding him slightly.

Officers to day came up with Clark near Chamblee and when he found himself surrounded he ended his wild career.

Why Run the Hazard

of accepting personal security upon a bond, when corporate security is vastly superior?

The personal surety may be financially strong to-day and insolvent to-morrow; or he may die, and his estate be immediately distributed. In any event, recovery is dilatory and uncertain.

Because of its greater stability, the United States Government prefers Corporate Suretyship. Follow its example, and, when you require suretyship of any kind, insist upon having the bond of the largest company in the world whose business is restricted to furnishing suretyship obligations.

OPEN MEETING.

OF OHAMINADE

Club Held at Home of Mr. and Mrs. M. W. Morrissey—Delightful Musical Program Received With Hearty Favor—Last Meeting of Year.

The last meeting for the season of the Ohaminade Music club was held Monday evening at the pleasant home of Mrs. M. W. Morrissey on South Main street. There was a full attendance of members and many invited guests.

After the program light refreshments were served and a delightful social hour was enjoyed. The program consisted of selections from the compositions of two noted American composers—Edithbert Nevin and Adolph M. Foerster. Nevin's music is always charming, dainty and fascinating and the Foerster numbers demonstrated what has been said, that his music is written on classical lines, and is beautiful and soul inspiring. The violin obligato was sent in manuscript to the club by the composer.

This meeting closed one of the most successful years of the club since its organization. The brilliantly rendered program was as follows:

Sketch of Edithbert Nevin (1862-1901) and of Ad. M. Foerster (1854)—Mrs. William Barr Brown.

SALE OF TOWN LOTS.

I have a number of town lots for sale on Chambers street, Brooklyn avenue and Henry street. Terms of sale, one-third cash, one-third one year and one-third two years, with vendor's lien on property to secure deferred payments. Can pay cash.

John E. Kingsley.

BILIOUSNESS AND CONSTIPATION.

"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been to day had I not tried Chamberlain's Stomach and Liver Tablets. The effects were simply marvelous. The tablets relieve the ill feeling at once strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally. They bring back new life, energy, a bright eye, a clear brow and a happy heart."

Mrs. Rosa Potts, Birmingham, Ala.

These Tablets are for sale by all leading druggists.

OBITUARY

Julia S. Graves, wife of Rev. G. S. Bergen, was born in Madison county, Ill., September 22, 1843, and died in New York city March 11, 1906. In 1849 her parents moved to Jacksonville, Ill., and in 1862 she graduated from the Jacksonville Presbyterian Academy with the highest honors of her class, although her mother had died during her course of study at the academy, leaving her the care of the home and of a younger sister and brother. She was a faithful worker in her church and in the Sabbath school connected with it, and also in a Sabbath school for colored children; and when there was sickness or sorrow among her friends or neighbors she was always among the first to give help and sympathy. In 1869 she was married to Rev. G. S. Bergen and went to India as a missionary of the Presbyterian Board of Foreign Missions. Her first station was Lodianna, where she remained only three years. Here she started a school for Hindu girls, the first of any one had succeeded in Lodianna in getting together the daughters of Hindu parents in a school. Four months later she held an examination in the large court of the home of a prominent Hindu, where the fathers and brothers could be present, and also the mothers and sisters, behind screens, at which the four girls of the highest class read fluently from the Fourth Hindu Reader, and wrote readily from dictation; also did sums in long division and passed a creditable examination in general questions in geography. These girls were daughters of educated Hindu men. In the autumn of 1872 Ambala became Mrs. Bergen's station, and the remainder of her missionary life of nineteen years was spent at that place. Her work there was among Muhammadan girls in the city and in the cantonment (for military station) five miles away, in the leper asylum and among the native Christian women, and also among the soldiers who attended the Scotch kirk. She conducted a Sunday school for Hindu and Muhammadan boys, at which the more advanced boys were always eager to be taught by her. She also planned the new church for native Christians and superintended the building of it, and in numerous ways gave valuable assistance to her husband in attending to the repairs, accounts and general work of the station. And all the time had the education of her two sons on her hands, who were further advanced in their studies when they came home, 12 and 14 years of age, than boys of their own age in America. At the time of her death she was living in New York City. Her only son (the other having been drowned in 1893) died of pneumonia on the 6th of March, and she died of the same disease on the 11th, while her husband lay dangerously ill of the same dire malady. A large number of sorrowing friends, and relatives attended her funeral, at which a beautiful tenor voice, accompanied by the sweet notes of the harp sang her favorite hymn, "Jesus Lover of My Soul, Let Me to Thy Bosom Fly," and other appropriate hymns. Loving friends went with her to Princeton, N. J., to lay her away by the side of her two sons, who had already greeted her on the other shore. Thus has passed away a devoted follower of Christ and a most faithful and loving wife and mother—loved and honored by all with whom she was associated.

VOTE ON PRIMARY MEASURE WILL

Come Today—Shurtliff-Trautman Bill Subjected to Several Changes and Modifications—Effort to Pass Postponed, Owing to Republican Absentees.

Springfield, Ill., May 14. (Special)—The Shurtliff-Trautman bill reported out by the conference committee, with two amendments from last night's draft, will be passed by both houses to-morrow. It would have been passed this afternoon had not seven Republican members been absent, leaving out enough votes to pass it. The house adjourned this morning until 2 o'clock this afternoon and the Republican members went into a two hours' conference, at the end of which they decided to vote for the bill.

In the senate the bill will not have such easy sailing. Seventeen Republican senators voted this morning to adjourn until 2 o'clock this afternoon, and the Republican senators went into a conference with closed doors, and at the end announced they had not decided on anything. Many of them are opposed to section seven, which provides for the verification of the names of petitioners and so expressed themselves in the conference. Others are in favor of amending the section which provides for a petition signed by five per cent of the voters of any political party being necessary to the petition of a candidate, and desire that a provision be inserted that the petitioner must have either 200 or 100 votes.

It is understood the senate will make some amendments.

The conference to day changed the section which provided that not less than 200 voters or more than 800 of any one political party shall be in a delegate district, by cutting out the "200 voters," and making it read, "as near 800 voters as practicable." This was done for the benefit of the prohibitionists, and amended the section providing for a petition to be signed by five per cent of the legal voters to two per cent.

With these changes the bill was reported out of the conference committee late this afternoon. After twelve sections had been read by the clerk of the house, Speaker Shurtliff suggested the house adjourn until 10 o'clock to-morrow morning, then the printed bill would be on the desk of each member. This motion carried. The senate met and adjourned until 10 a. m. to-morrow also.

At the bottom of each sheet of any petition shall be added a sworn statement by an adult resident that the persons signing the petition were qualified voters of the political party for which a nomination is sought. Petitions signed before the taking effect of the act are declared valid.

Several changes and modifications in the Shurtliff-Trautman bill have been made since the original draft and some of the important provisions in the present form are as follows:

Primaries this year shall be held the second Saturday in August and after this year the last Saturday in April. The polls are to open and close at the same hours as provided in the general election laws. Any person entitled to vote at such primary election shall be entitled to absent himself from employment for two hours on primary day and he shall not be liable to any deduction of wages on account of such absence. The judges and clerks of the general election shall be the judges and clerks of the primary election.

Candidates for various offices may have their names printed on the official ballot by the following means: United States senator, on which the vote is only advisory, by filing a written request with the secretary of state thirty days before the primary; state officers, except trustees of the university, by filing with the secretary of state thirty days before the primary, a petition signed by at least 1,000 voters of his party; for representative in congress or for member of the state board of equalization, by filing with the secretary of state a petition signed by at least five per cent of the voters of his party in his district; for any county office, by filing with the county clerk, thirty days before the primary a petition signed by at least five per cent of the qualified voters of his party in his county.

No person shall vote at a primary election unless he shall be a legally qualified voter, residing in the election precinct or district at least thirty days prior to the primary, and unless he declares his party affiliation, and in all cases where registration is required as a condition precedent to voting at regular elections, only registered voters shall be permitted to vote at primaries. No person shall be allowed to vote who shall have signed the petition of a candidate of any party with which he does not affiliate, or of an independent candidate. The election machinery, the manner of voting, the making of returns, etc., is substantially the same as that provided in a general election law.

County conventions shall be held on the Thursday immediately following the primary, senatorial conventions, on the second Tuesday following congressional conventions on the second Thursday fol-

lowing; state conventions on the third Tuesday following. No other person than a delegate shall be an officer of any convention. The chairman of all conventions shall be elected by a roll call. No proxies are allowed.

The plurality clause is as follows:

"If, upon the completion of the canvass of such returns, it appears thereupon that any candidate of any party for the nomination of any state, congressional or senatorial office has received a plurality of all the votes cast for candidates for nomination for such office in any delegate district such candidate shall have cast for him the votes of all the delegates from such delegate district to the convention before which he is a candidate, for at least one ballot. Nominations shall be made by majority vote of all the delegates elected to each convention."

CONSTITUTIONAL LAW.

The caption of this article is the all-absorbing topic wherever two or more persons meet. The decision of our supreme court versus the primary election law was an eye opener, thus causing much speculation by every thinking citizen of this commonwealth.

It is a pitiful spectacle to see the leaders of our county central committees of both parties hesitate as to their duty in calling their respective party together as of yore, and make nominations for the county offices to be voted on this fall. Why this halting? Are we afraid of our servants at Springfield? If the next primary law proves a boomerang, as the last, then what will our central committees do? The fact is, and I defy any lawyer in this city or out of it to say truthfully that our present ballot law is constitutional. Our present ballot law is a cumbersome affair, and no man can exercise his free will and vote his sentiments without running the risk of having his ballot thrown out. In my election district a voter crossed out a name on a Republican ticket and two Democrats did the same on their ticket, but, under the fool law laid down in our unconstitutional ballot law, those tickets were thrown out as "mutilated ballots." And the honest intention of the citizen voter was null and void.

Again, the constitution of Illinois, as adopted in A. D. 1818; amended in 1848, and amended in 1870, as our state constitution at that later date was in conflict with the thirteenth fourteenth and fifteenth amendments to our federal constitution, which required our state to wipe out the "black laws" that excluded the Ethiopian race from the rights of citizenship. This new compact, like its former compact, says that "All male persons of the age of 21 years, born within the limits of the United States, being of sound mind and residing in the state one year, in the county ninety days and in the election district thirty days next preceding said election, are eligible to vote without regard to race, color or previous condition of servitude."

There are on our statute books now very many enactments that would not stand the crucial test of constitutional law. Amongst them the law that allows a woman to hold office on our board of school trustees in this state. Women voting at any election governed by the election laws of this state is a palpable and a gross violation of our state constitution. Now then, if a woman has the constitutional right to vote at school and state elections, why don't the law make her a competent person to sit on the election board of election district judges in this state? If a woman can exercise the right of suffrage, why shouldn't she be sub-ject like a man, to go into our army and navy? The right of suffrage carries with it all the other responsibilities to defend with our lives, if need be, in any war. If not, then such laws are class laws and null and void.

The increasing multiplicity of women's clubs and societies are to day the cause of so much marital unhappiness that is sapping the very foundation of woman's purity, which ultimately culminates in scandal in our courts. Unhappily, our girls who, as the Rev. T. H. Marsh says pertinently: "Our women love too much society and progressive church parties in their families, to the exclusion of the church—and they call that culture." That is indeed true, Mr. Marsh. God bless and strengthen your nerve as a minister in the service of God. Progressive church parties are a baneful influence in the family circle, and not conducive to the upbuilding of the Sunday school and membership of the church. Those things may be modern culture but they also are the agents of the devil.

I have very decided opinions on the question of women entering the dirty field of politics. The woman lobbyist is now the most potent factor in politics. Such women are unclean serpents, who care more for the urena of the halls of legislation than they do for their womanly purity. The woman who loves home and her family, as Archbishop Ryan of Philadelphia said of President McKinley's love of home, is the woman who is fulfilling her place in society as decreed by God. She helps the church and the tongue of the scandal monger loses a victim.

M. J. CLERHAN.

DRUNKNESS CURED

It will be gratifying to all lovers of temperance and a happy home to know that a simple and scientific cure for the whisky and beer habit has been discovered. Or-rine never fails to cure drunkenness if it is used in accordance with the simple directions in the package, and the discoverer has so much confidence in the treatment that we are authorized to sell it with an absolute guarantee, to effect a cure or the money will be refunded. It is in two forms: No. 1, to be given secretly, and No. 2 for those who wish to be cured, \$1.00 each. Mothers and sisters have told us of husbands and brothers who, since they were given Or-rine, have lost all desire for drink, and we are glad to recommend the remedy. Mail orders filled. FUNERALS

BRADISH.

The funeral of Walter H. Bradish was conducted Tuesday morning at 10:30 o'clock from the family residence, 931 South Fourth street, Springfield, Rev. T. D. Logan officiating. The interment was made in Oak Ridge cemetery.

The decedent was born April 24, 1848, just east of Holland Patent, Oneida county, N. Y. At the age of five years he went to live at Adams, Jefferson county, N. Y., where he received his education. In the spring of 1865 he went to New York City and was with the firm of Longstreet, Sedgwick & Co. for five years. In 1870 he left New York and went to Chicago, where he was with Henry W. King & Co. one year. He went to Springfield in 1871 and had been connected with the Springfield woolen mills for thirty-five years. At the time of his death he was vice president. He was united in marriage May 10, 1876, with Mary Alvin Hill.

He was taken to Chicago several weeks ago, where he underwent an operation at the Presbyterian hospital from which he did not recover. Death ensued at 5 a. m. Sunday. He is survived by his wife, two daughters, the Misses Ethel and Mary Bradish, and three sons, Walter and Robert, of Springfield, and John Bradish, residing in Minnesota.

STETSON'S STRAW HATS are shown by FRANK BYRNS, the man who always shows Stetson's NEW STYLES early.

Game From Legals—Inability To Hit Perdue Responsible For Downfall of Jacksonville—Cairo Defeated Paducah.

WHERE THEY PLAY TO DAY.
VINCENNES AT JACKSONVILLE.
Danville at Mattoon.
Cairo at Paducah.

Jacksonville was unable to hit the ball and Connaughton gave too many passes to first base is the reason for the defeat of the locals by Vincennes Tuesday. Perdue was a complete puzzle to Belt's team who were able to make only three hits off of his delivery, one of these being a two-bagger by Hughes. Three of Vincennes' runs were earned, which shows that the Indiana team played ball. The visitors made five errors and the locals played an errorless game, barring the dropped fly by O'Brien which might be considered an error from the fact that in attempting to accept this difficult chance he touched the ball which he ran for into deep right. Connaughton fielded his position well, being credited with five assists. Belt had a passed ball at a critical period of the game which let in the second run.

The fielding of the Jacksonville team was highly satisfactory but it takes hits to win games and it is to be hoped that the players will have better batting eyes in to day's game. The runs came in this way:

Jacksonville scored in the second and ninth. Hughes led off with a two-bagger. Lotshaw hit a long fly to right field and Hughes got to third on the play. One out. Brady struck out. Berte hit a grounder to short and the first baseman fumbled a bad throw. Hughes scored on the play and Berte went to second. Belt was out from short to first on a grounder. Jacksonville scored one more in the ninth on a hit to center by Copeland, which bounded over the head of the center fielder and Copeland made the circuit, coming from third to home on an error on the throw in.

Vincennes scored in the fourth on a hit by Wilkinson which bounded over the head of Brady and Wilkinson made the circuit before the ball was fielded in. In the fifth Moran walked. Matteson struck out and Perdue was out on a bouncer from Berte to Hughes which advanced Moran to second. The latter stole third when Belt made a bad throw to Combs who made a good stop, however. The next one was a pass ball and Moran came home. The inning closed with a visitor on the third sack.

Vincennes made three in the seventh on some lively hitting to the outfield several of the hits bounding over the heads of the fielders. This was the only inning in which the visitors pounded Connaughton but at this critical stage of the game they found him for enough to win by an easy margin. The official score:

Cairo	3	4	0

Batteries—Ames and Chenault; Wagner and Wolfe.

At Mattoon—R. H. E. Danville 5 8 0. Matteson 1 0 0.

Batteries—Holycross and Quiescer; Ord and Langdon. Umpires—Sclay and Fleming; Hackett falling to show up.

NOTES.

Umpire Bush did a good thing in sending Donovan to the bench when he disputed a decision that put him out at second.

In the sixth a blocked ball caused considerable confusion and was responsible for a score. The play here was for Combs to get the ball to Connaughton as soon as possible that the latter might make the ball fair again.

Manager-Captain Belt did some good throwing yesterday but at critical times he was considerably off his stride. He is suffering from lameness.

Bush did good work in yesterday's game and his decisions were satisfactory to players and fans. He rules quickly and firmly.

MISSIONARY UNION

Semi-Annual Meeting Well Attended—Interesting Program Given—Aid For the Local Y. M. C. A.

The semi-annual Missionary Union of the city of Jacksonville met Tuesday evening in the Sunday school room of the Central Christian church with a large number present. The primary object of the meeting was to arouse a greater interest in the work of the Y. M. C. A. of this city. Mrs. T. P. Carter acted as chairman and the meeting was opened by a devotional service led by Mrs. W. H. Musgrave of Brooklyn church, after which the minutes of the last semi-annual session were read by Mrs. G. E. Baxter of Grace church. Mrs. John Vasconcellos next gave the treasurer's report, followed by a very interesting letter from Miss Mamie Melton of Japan.

After roll call of the society the audience listened to a solo by Miss Mary Huntley, the "Aria" from "Judith," by Conecine, which was sung in a very pleasing manner. Next followed a symposium, "The Stranger Within Our Gates," 1st "At Ellis Island," by Mrs. W. H. H. King of State Street church; 2nd, "In the Cities," by Miss Martha Weaver of Grace church; 3rd, "The Stranger in Our Own City—Who is He and How Do We Treat Him?" by Mrs. Guy B. Williamson of the Christian church.

The chairman then introduced Mr. G. S. Sutton, general secretary of the Bloomington Y. M. C. A., who took for his subject, "Practical Y. M. C. A. Work." Mr. Sutton spoke of the great work that is being done along educational, economic, missionary, social, moral and spiritual lines by the Y. M. C. A.; the unique place that the organization holds among the various churches, and the great opportunities it afforded young men to adjust themselves to every circumstance of life.

He made reference to the good work that had been done in Bloomington where everything was against them, and how by constant and untiring efforts the membership was increased to several hundred and a great interest had been aroused among the men and women of the city.

He deplored the fact that here in Jacksonville where everything is favorable for a good Y. M. C. A., that the doors should be closed and that there is no place where the young men of the city and especially the stranger, could find a welcome.

Mr. Sutton is certainly an interesting and forcible speaker and plainly showed that his whole soul was in the work.

After the address a motion was made to appoint a committee consisting of one lady from each church to represent the union and to cooperate with the Y. M. C. A. board in laying plans to further the work of the association. The following were then presented and voted upon and were duly elected:

Miss Hattie Phillips, Westminster. Mrs. Oscar Keuchler, Congregational.

Mrs. John Richardson, Brooklyn. Mrs. W. Barr Brown, Grace.

Mrs. J. E. Wharton, State Street.

Mrs. Martha Day, Jordan Street.

Mrs. W. D. Alexander, Christian.

F. O. E. meeting tonight.

A square meal, including ice cream, cake and strawberries for 50c at Christian church Thursday evening.

"The Illinois River, Its Geological History," will be presented in a paper by Dr. Norbury at the meeting of the Historical society Friday evening.

WASH FABRICS. -- A Superb Collection.

This Wash fabric department has simply surpassed all previous opening exhibits in the wonderful line of wash materials gathered for the new season's selling. We do not believe that even in the metropolis itself can a better assortment of quality, effective and handsome wash stuffs be seen.

Old England, the continent and New England have each contributed their quota and every fashionable cloth, color and pattern have numerous representations in the show.

Marvelous indeed are the effects produced in these sheer, soft fabrics at prices that are really insignificant when the intrinsic beauty of the merchandise is considered.

A LARGE PERCENTAGE OF THE STYLES AND DESIGNS ARE CONTROLLED BY US FOR THIS CITY. YOU WON'T FIND THEIR DUPLICATES ELSEWHERE.

The following obituary of Mrs. Cora Brisenline was given us with the request it appear in the item this week.
Mrs. Cora Brisenline was born Feb. 23, 1876, and died May 1, 1906. She was married to Almon Brisenline March 16, 1890. To this union were born four children—three sons and one daughter—the oldest, a son, dying in infancy. Her final sickness was indicated several months past; the last four weeks she was confined to her bed with much suffering until a few hours before her death. A change took place. She no longer suffered, and her power to talk was restored. For six hours before she died she talked continuously, then bade them all farewell with earnest entreaties to be ready for a life event. She was in the youth and her firm faith in Christ as her Savior never failed, but grew stronger as the end drew near.

OBITUARY.
Jordan Walker McAllister was born in Anderson county, Kentucky, May 6, 1838, and died in Woodson, Ill., May 9, 1906. He came to Morgan county in 1855, residing in Jacksonville, where he was engaged for a time as a clerk in his brother's store. Afterward he went into business with another brother as a partner. He was married to Miss Sarah A. Patterson, who died June 27, 1851. To them were born three children—Lucy dying in infancy; William T., who died twenty years ago, and Mrs. Mary Rose of White Hall, Ill., who still survives.
He was married to Miss Lucy A. Henry Aug. 25, 1852. To them were born four children, one of whom, Lucilla, died in infancy. Surviving this marriage are his wife, Mrs. Lucy McAllister, and three children, Mrs. Sarah Crain, Mrs. Fannie McKeen and Jordan W. McAllister, Jr. All these reside in or near Woodson.
In the year 1857 he purchased a farm near Woodson upon which he resided for a number of years. He removed later in life to Woodson, having been a resident of the village for the past fourteen years. Twelve grandchildren and nine great grandchildren survive him.
At the time of his death he was 68 years and 4 days old. He was a very exemplary man; strong in his convictions, upright in his conduct and just in his dealings with his fellowmen. A kind and affectionate husband and father. He was a positive man, radically so. For his opportunities, in many respects he was a remarkable man. Thus one more of the old landmarks is removed from among us—one of the many good men who have helped to make Morgan county and our great state what it is. He leaves a rich heritage in his sturdy character to those who follow him. Not many of the older men remain to bless the men of to day by their counsel and wise wisdom. It can be truly said of him: A just man has gone to his reward.
The funeral services were held in the Christian church Friday morning, May 11, and were conducted by Dr. G. W. Miller. The several selections suitable for the occasion—"Nearer My God to Thee," "When the Mist Has Cleared Away," "Lead Me On, O Lord," "The Sweet Bye and Bye," "Shall We Gather at the River"—were sung by the choir. The floral offerings were many, sent by relatives and friends, and were cared for by Mrs. Clarence York of Jacksonville and Miss Elva Henry. The bearers were Charles Best and John Best of White Hall, George McKean, Nellis Crain and Edgar Hasey, all except the latter being grandsons. Interment was in Sheppard cemetery.

CHAPIN.
Commencement exercises were held at the M. P. church with a class of seven, as follows: Ratto McKimney, George Deering, Misses Geo. Lewis, Maynard, Eagan, Edith Brownlow, Nina Rice and

Adm. Antrobus; the class being one of the best ever graduating from the Chicago high school. A fine program was rendered, which was appreciated by the large audience. The church was filled to overflowing.
Those who attended the commencement exercises at Bluffs from Chicago were: Prof. Herbert Hendrick, Misses Perle Hewk, Jane Boyd, Lulu Casteron, Geo. Lewis, Margaret Eagan, Edna Taylor and Chet Mantrum.
George Brownlow and family were the guests of Frank Smith and family Sunday.
L. E. Woodward of Hersman, Ill., came down to the commencement and visited home folks until Sunday.
Bessie Hayman of Jacksonville was the guest of Gump Lewis last week.
Mrs. Della Thompson of Mercedia spent Sunday with her mother, Mrs. Ida Williams.
S. A. Owings, wagonmaker and woodworker at E. P. Antrobus' blacksmith shop, and who has been sick since last fall, offers his entire set of tools for sale. A reception was given to the graduating class Saturday night at the home of T. R. Biggers, where a nice program was rendered and a royal good time was had by all.
Professor Wagoner is giving a series of lectures on foreign missions and missionary fields all this week at the Christian church. Admission free.

A VETERAN GONE
Abram Johnson Bozarth was born in Jacksonville, Illinois, August 15, 1823, and died at his home in Warrensburg, Missouri, at noon, Friday, May 4, 1906, aged eighty-two years, eight months and twenty-one days. Deceased had been twice married, and to the first marriage were born five children, two of whom, both sons, survive him—one living in Odessa, and the other in California. In 1865 he was united in marriage with Melvina Loveland, who, with her son, Dr. Bozarth, of Centerville, survive him.
When twenty-four years of age he enlisted for service in the Mexican war and was in a number of engagements. After the war he returned to Jacksonville and remained until the war of the Rebellion, when he raised a company for the service of his country and was chosen captain of Co. K, 27th Illinois Infantry and served with honor and distinction some three years.
The spring following his second marriage, 1866, with his family he moved from his old home in Illinois to Johnson county, Missouri, and settled on a farm north of Knobnoster, where he made his home until 1891, when he moved to Warrensburg, remaining here until his death as above stated.
The funeral was from the residence Sunday afternoon at 1 o'clock, conducted by Rev. J. T. McGarry and Rev. W. C. Coleman, a very large number of friends of the deceased being present. The remains of the deceased were escorted to the cemetery by the G. A. R. comrades and tenderly laid to rest with the beautiful ritualistic rites of the order.

Capt. Bozarth became a Christian when a very young man and lived a devoted and exemplary life, being at the time of his death a member of the Warrensburg Christian church and very earnest in church work. His high standing in the community and the general sorrow caused by his death attest the worth of Capt. Bozarth as a citizen and friend. He was a man of jovial disposition and had a kind word for everybody. Few men will be missed in the community more than the deceased and the many friends join the relatives in mourning the loss of a kind, loyal citizen. Peace to his ashes.—Warrensburg, Mo., Standard-Herald.

Woman's Kidney Troubles

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing This Fatal Disease.

Of all the diseases known, with which women are afflicted, chronic kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.
Being fully aware of this, Lydia E. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for women's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women, and thousands have been cured of serious kidney derangements by it. Derangements of the female organs quickly affect the kidneys, and when a woman has such symptoms as pain or weight in the loins, backache, bearing-down pains, swelling or burning sensations or deposits in the urine, unusual thirst, swelling of hands and feet, swelling under the eyes or sharp pains in the back, running through the groin, she may infer that her kidneys are affected and should lose no time in combating the disease with Lydia E. Pinkham's Vegetable Compound, the woman's remedy for woman's ills.
The following letters show how mercifully successful it is.
Mrs. Samuel Frake, of Prospect Plains, N. J., writes:
Dear Mrs. Pinkham:—
I cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound: a Woman's Remedy for Woman's Ills.

The Vital Organs of the Body

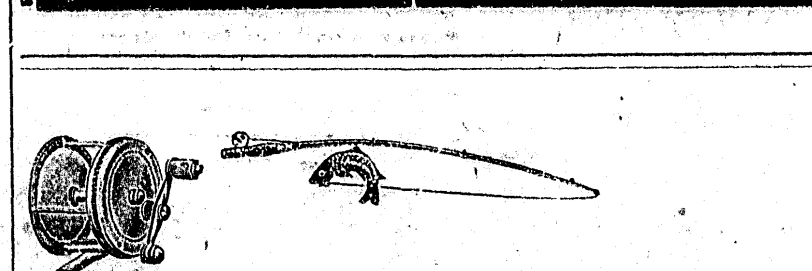

DEMAND ATTENTION

If the Vital Organs of the body are in good condition, and are working properly, there is no reason why you should be sick or weak.
Most diseases come from germs. Germs are everywhere, unless it might be in the rarified air of high mountains. We take them in with every breath we draw and with every particle of food or drink. They are many kinds and each kind causes a certain kind of disease.
If the germs find in the body CLEAN, LIVE, VIRILE BLOOD, they are killed. If they find starved or rundown nerves, and poor, weak blood, they lodge and breed at an incredible rate, and soon consumption, typhoid, malaria, rheumatism, diabetes, or one of many diseases is fastened on the system.
A catarrhal condition of the mucous or lining membranes of the body is an ideal feeding and developing place for these germs.
To prevent disease germs from securing a foothold in the system it is therefore essential that the blood be in good healthy condition and the vital organs of the body working properly.
Nearly every vital organ of the body is affected by catarrh, when that condition has obtained a hold upon the system. The drain that this makes upon the blood and the weakness that follows opens wide the gate for the entrance of the germs of disease.
Do you wish to be strong and healthy? Do you wish to throw off the load of disease and misery you have been carrying? The one prompt way to secure these results is to free your system of the catarrh that is weakening every vital organ of your body. Cure the catarrh, build up the general strength, and health is yours. The blood will not yield to any purifier known as long as the system is so polluted with catarrh. All chronic diseases are more readily cured when these conditions are properly treated.
I CURE CATARRH and the many conditions of ill health that result from a weakened worn out system. In curing these diseases I put the blood in good condition, free the system from the poisons which have been retained by the skin, the liver, the kidneys, the bowels and the stomach. These results come promptly and surely from my treatment, as I will be pleased to prove to you, if you are interested and will call at my office.

What About Your Foot Gear?

Are you giving the Footwear problem enough thought, do you know that two-thirds of your life is spent in your shoes? Therefore it is very important that you have something that is above all, well fitted and comfortable. We endorse the use of Walk-Overs as the best product of the shoemakers' art of today. They have the look, the fit, the style and the wear. What more can you ask for? Everything is crowded in them that is possible for shoes of their price, \$3.50 and \$4.00. We show patents, vicis, velours, dulls and tans, high or low cut, in this popular shoe.

FOOTWEAR FOR THE YOUNGER SET

We have assortments of Children's Shoes in light or heavyweights. Footform shapes, button or lace. An extremely long line of Slippers for all occasions. It will pay to see our Children's Footwear.

ILLINOIS COLLEGE ATHLETICS.

The next game for the Illinois college baseball team will be with the James Millikin university at Decatur Saturday. The team is being given only light practice this week, with a little fielding and batting.

The track team is showing up in good shape, and will be ready for the triangular meet Friday afternoon. Angerstein is a little off in the sprints, but Weber is showing up well, as are also Carriel and Turner in the quarter and half and the Graves brothers in the mile. Slabe is making a good showing in the weights.

Knox and Monmouth come Friday afternoon, and the greatest meet of several years is expected. All the schools are evenly matched, and there is sure to be a hot fight in every event. Illinois thus far has made as good a showing as any and has an excellent chance of winning the day.

The remainder of the preliminaries will be run this afternoon. In the coming meet two men from each school will be entered in each event, and consequently the two best in the races of to day will represent Illinois in the several events of the meet. Every event to day will be a straight race, and the best men will qualify.

RAILROAD NEWS NOTES

It has developed that there is a law on the Illinois statute books, passed a year or two ago, but which was overlooked, which requires corporations to possess an affidavit sworn out before a justice of the peace, before any deduction from pay can be made to cover board bills, watch payments or other accounts. This law was recently discovered and now the Alton is living up to it strictly. Hereafter any train or engine man who patronizes a boarding house under the company's protection must go before a justice of the peace and swear out an affidavit authorizing such deduction, and if a married man, his wife also must swear and sign the document.

The Burlington management has granted all passenger conductors out of St. Louis an advance in pay from \$130 to \$140 per month, the increase to date from Feb. 1.

Controversy has arisen between the Rock Island management and that of the Alton over the operation of the Golden State limited train, which is the California fast train running over these two roads. Whatever the cause of the dispute, it is rumored that it is likely to result in a return of the train to the Rock Island tracks between Chicago and Kansas City. President Felton is said to have asked President Winchell to take back his train.

J. P. Ramsey, Jr., manager of the C. P. & St. L., is in the city on business.

William Doyle, a fireman on the Alton, is laid by with sickness.

PANAMA HATS will be worn by many men this season. FRANK BYRNS is showing a large assortment in various prices.

KILLED YESTERDAY

AT T. L. Cannon's Meat Market the Following Meats.

Loins, porterhouse and round steak at 12½c per lb.
Chuck steak at 10c per lb.
Rump, shoulder and chuck roasts at 10c per lb.
Cornbeef from 5 to 8c per lb.
Boiling meats from 5 to 8c per lb.
Lard at 10c per lb.
Sugar cured breakfast bacon, sliced 15c per lb., by side or half side 14c per lb.
California hams at 9c per lb.
Regular hams at 14c per lb.

Now will you be good and go to T. L. Cannon's meat market and get the best meats at the lowest prices in the city? Do not go around town and tell your butchers what bargains you can get at Cannon's, but quietly phone your orders and let your butchers do the kicking which they will certainly do.

The butchers in this city will tell you that Cannon cannot sell you pure lard at 10c per pound, at the same time are selling you cottonseed and cotton seed oil for pure leaf lard at 12½c per pound. I am able to sell this lard at 10c, for I kill my own meats and make this lard myself, so consequently know what I am giving to the public, while they buy their meats and lard of different packers over the United States and the devil only knows what you are getting. Try me and be convinced that what I offer is the best at the lowest prices.

T. L. Cannon,
226 S. Main St.
